YOU.
YOUR JOB IN THE VARIED LIFESTYLES ADMINISTRATION BUREAU IS TO SOLVE 100 CASES.
AS A REWARD FOR THAT, YOU'LL RECEIVE A NEW LIFE.
THAT WAS YOUR PROMISE, RIGHT?
DO YOU UNDER-STAND?
RIGHT NOW, YOU'RE SUR-VIVING ON THE LIFE YOU GOT FROM NIU.
THAT SAID, YOU CAN'T SURVIVE MORE THAN A YEAR!

That's right!

Seems like even the "different kinds" all had fun as well.

With this, it seems like half of your life span is secure.

Well, it's because I've decided that I want to go search for Nee-sama today...
Saying this all of a sudden...
Where is this again?
I want to come along as well!
Read the atmosphere, will you? You shouldn't get in their way.

Even with a map, I still can't find my way around...
I figured this was the case.
Such a let-down.
That's why I want Miu to come with me...

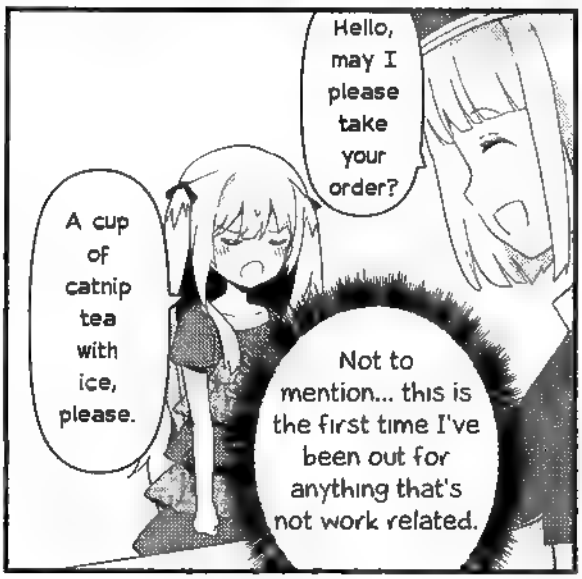
Today's kind of chilly, though...

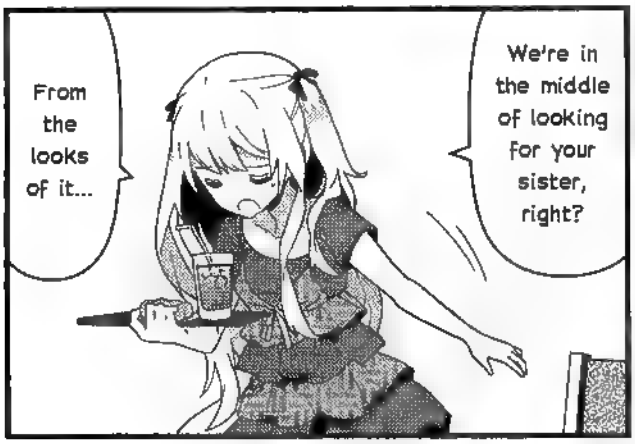
I'm slowly losing my composure ...



Hello, may I please take your order?
A cup of catnip tea with ice, please.
Not to mention... this is the first time I've been out for anything that's not work related.

Guess I have to do this since you're a girl.
Ahaha, thanks!

Oh, and one of those, too...
DONUTS

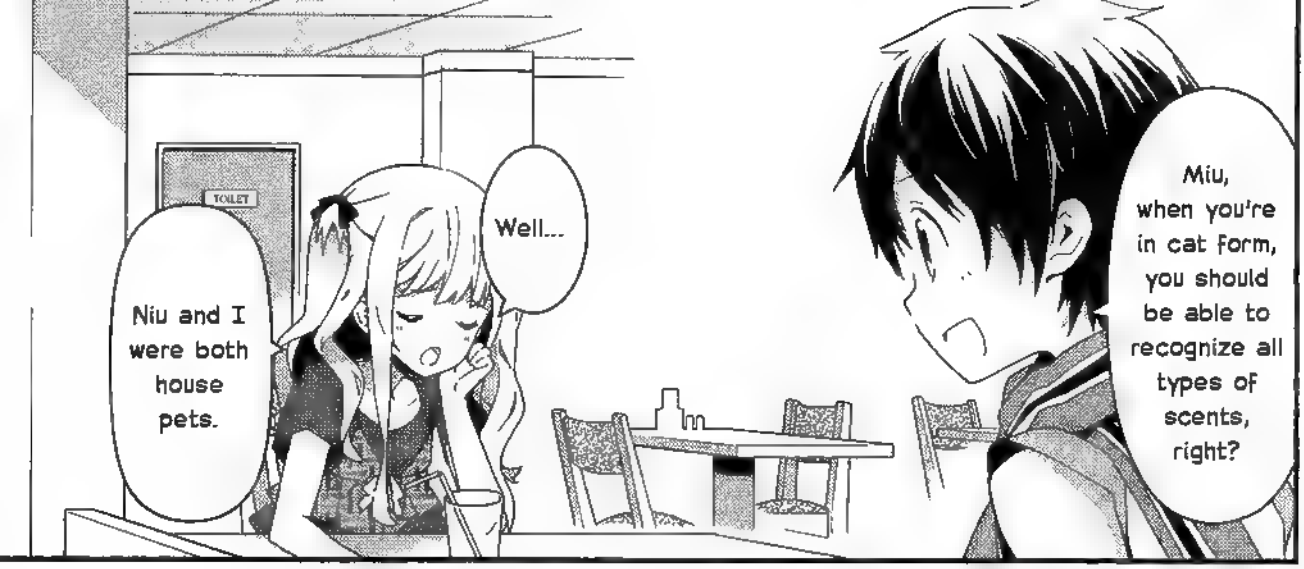


From the looks of it...
We're in the middle of looking for your sister, right?

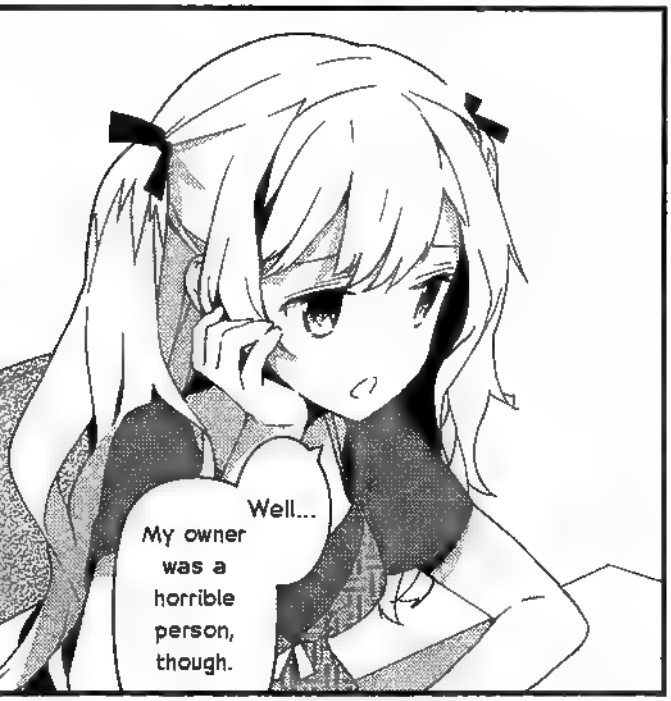
Here you go.
Eh——!!

What are you trying to do with this behavior?
Ah!
A flower donut! Is it for me?
Eh?
Gotta do this since you're a girl.
ふわぁ
がぶっ
YES, IT'S FOR YOU! NOW HURRY UP AND EAT IT!

First of all, are we even sure that the person you saw the other day was your sister?
IT WAS DEFI-NITELY NEE-SAMA!
...Let's stop for today.
SEID
Smells like it's going to rain...
Eh?
No way...
Eh?
I was able to pick up Nee-sama's scent,
like...
Are you two sisters really human?
Not to mention, to have lived in the forest
I'm sure of it. The scent of rain is something I always noticed first before Nee-sama would.
It's just cloudy.
Also, the scent when the rain passes.



TOILET
Miu, when you're in cat form, you should be able to recognize all types of scents, right?
Well...
Niu and I were both house pets.



Well...
My owner was a horrible person, though.

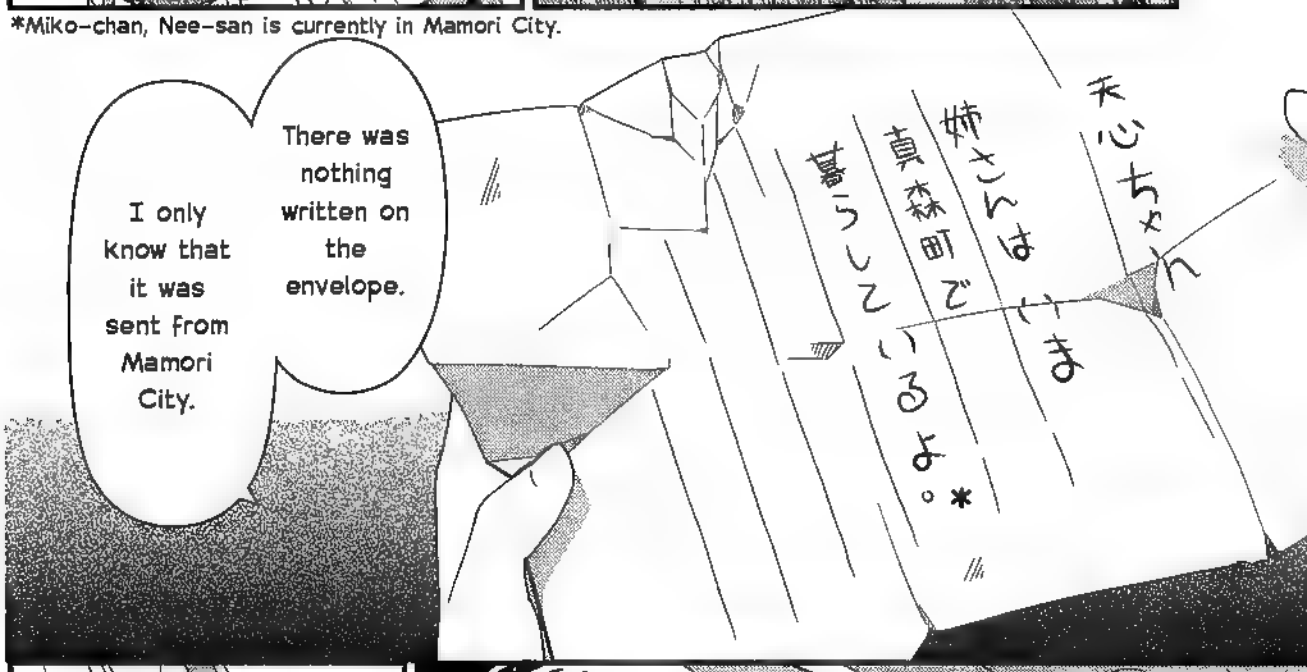
!
So you had an owner.

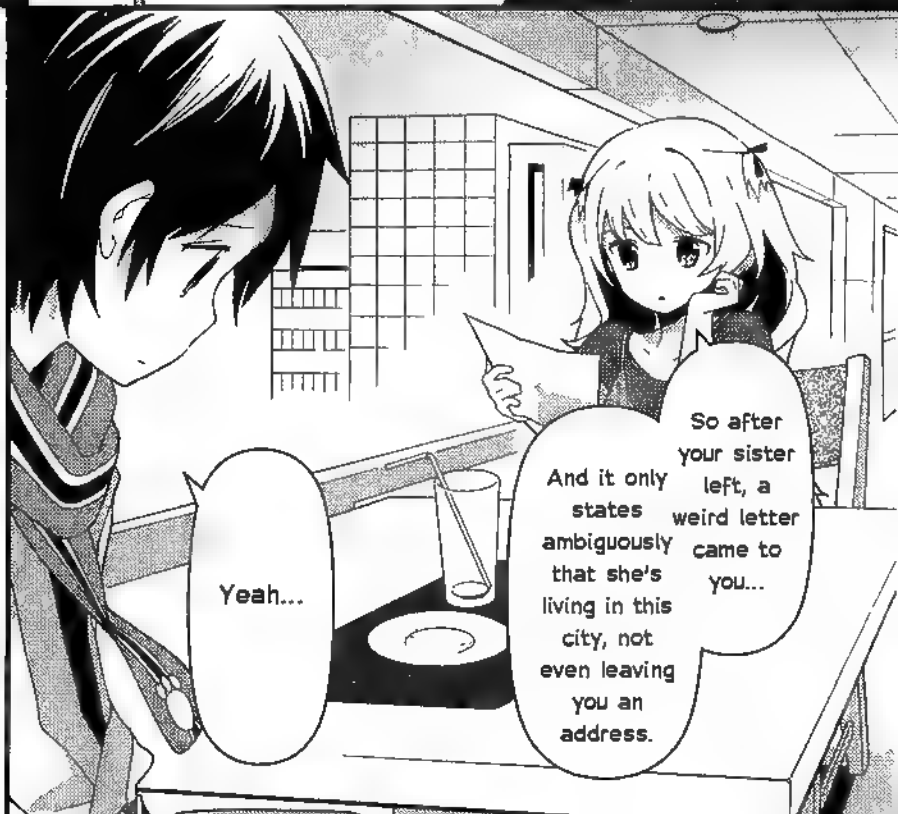
I have no idea...
Ever since I was a kid, it's only been Nee-sama and I living together in the forest...

You should have other family members, right?
How are they?

When I was 9, she left for the city in order to study.
Be a good girl, Miko-chan.
But,
afterward, the only contact I had with her was this letter...

*Miko-chan, Nee-san is currently in Mamori City.





So after your sister left, a weird letter came to you...
And it only states ambiguously that she's living in this city, not even leaving you an address.
Yeah...

ゴロ ゴロ...
EH?
This scent is...
ゴロ ゴロ...
Let's think of a better way to search for...
!!
Miu, the scent from the letter...
Hey, why don't we head back for today?
IT'S NEE-SAMA!

Wait here!
Wait!
NEE-SAMA!
Where are you?

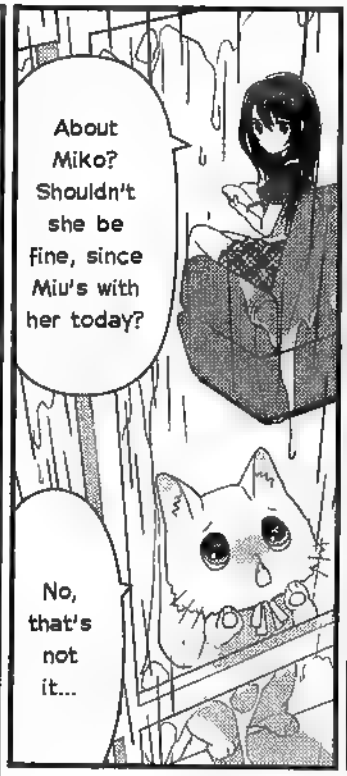
NEE-SAMA!
...Are you looking for someone?
Ah...
Um...
...Where am I?
I've lost her ...

She's probably lost...
The streets here are pretty complicated..

She's late...
ドトール

But what should I do...? It's raining so hard...

In the past, Onee-sama once fell in a river and got washed away...



About Miko? Shouldn't she be fine, since Miu's with her today?
No, that's not it...

Hm... I'm worried.

Since it's just rain, it shouldn't bother her too much.
The day Rei-sama left school, it also rained pretty hard...
I should have went along with them after all.
Rei-sama...?
HEY, HUM-AN!
WHERE ARE YOU?
ぴく

WHERE ARE YOU!?
MIII KOO OO !

Sorry
I'm late!

Since it was raining, it was hard to find Miu's scent.

Let's head back!

Exactly.
An excellent person, even amongst us "different kinds".
Who is this person called Rei?

HEY, WHO THE HECK IS SHE?
As always, Niu is looking like a dunce, isn't she?
I-INABA-SAMA!?
The one who can be beside Rei-sama needs to be superior.
YES, KARASUMA KURONA,
JUST LIKE YOU!

Chapter 10

Miko and the Hopeless Cold

Seems like you caught a cold!

37.9°

I'd better cool off that fever of yours with this.

THANK YOU, NIU...

Ugh...

ONEE-SAMA!

PLEASE STOP FIDGETING AROUND AND COME GIVE ME A HAND!

Wringing this is hard...

14

Onee-sama!!

What was that for?!

MIKO-SAMA, ARE YOU OKAY?!

.....

Catching a cold, even for an idiot like her..

She's a seriously useless child.

Whatever! I alone am enough for the 1st Class!

Turns out, the geniuses needed by 1st Class now are...

...animals who are superior to the average human!

Zy

3y

And the one who's most qualified for that in this school is...

Me!

What?

It's you, Kurashima...?

Since I always keep my grades at the top of the class!

Keep working hard on that.

...But...!!

Because you treated me somewhat kindly.

I quickly stopped relying on other humans.

The reason we, Varied Ones, are able to live normally in Mamori Town is...

Chibi Birdie...

Head-master!

...from the alumni who've graduated from here.

...because of the support we have...

Do you love humans?

That's an important understanding amongst us Varied Ones.

Well... Of course!

You shouldn't let the 1st Class take up your time.

So, please keep working hard to become an even better Varied One

You're a great student, you know.

You call it un-necessary,

but for us animals, it's the most important issue.

What kinda unnecessary things are you telling her ?

Time to study~ ♪

Could it be that I'm a secret weapon?

What about you, Nekomiya Miu?

Even now, do you love humans?

Huh?!

What are you saying so suddenl-

Asking the leader of the 1st Class...

Now I'm hungry...

Miu..?

Eh...

Could it be that you brought lunch for me?

Then... I think I'll go fetch lunch as well!

Maybe there's somewhere I can eat by mysel-

If the cold gets to me, it'd have an effect on my supervising, wouldn't it?

I only brought my lunch here because the cafeteria was crowded.

Oh? I see...

Ah...

The clubroom's open.

Right!

Sorry...

Miko-chan—!

Kuro-san always skips, so...

That's right! I'd be worried if the both of us caught a cold.

Saru-watari-san!

Why alone? What happened to your partner?

Lunch?

You'll catch my cold!

Don't come over here!

Cold..?

Whaaat are you saying?

Human colds don't transfer to animals!

We're kinda special like that!

Eh?

Really?

Is some-thing the matter?

Is it because of the cold?

You don't really look that great.

What..?

Yeah,

that's probably why.

Why did she have to wake up at such a time..!

.....

Didn't you eat at the cafeteria earlier?

You'll turn into a fat cat.

My tail must've come out from being nervous...

Shut up!!

...Even though you could've obediently handed over your lunch...

Turns out, cats really are moody, aren't they?

Speak for yourself, Karasu!

And what is it that you want?

Don't just come into someone else's room like that!!

Don't do something so disgusting!!
Your reaction is seriously boring!
Don't worry! There won't be a next time!

Of course, that's despite the fact that...

you were angry, screaming, and blushing towards humans...

If animals superior to human beings were to join forces,

don't you think it'd be possible to create a town just for us Varied Ones?
